My dear Friend:—

By a letter from
California I learn that my Mother
has received another letter from the
French Committee saying that they
had never heard whether she had
ever received the "Medal" and "Letter" they
sent her.

On the 22nd of April 1875 I wrote
from Chicago to your son F. J. Garrison
as follows — directing to him at Cambridge
Mass.

My dear Friend:—

I enclose to you herewith, a

letter to the French Committee acknowledging receipt of the Gold Medal. I leave it open for you to read, seal and forward to M. Capron. Please send the Medal and the Committee's letter to my Mother, by Express directed to John Brown, Care of Hon. G. B. Delamater, Meadville Crawford Co. Penn^a. Mr Delamater is a friend of ours and will be responsible for their safe keeping until I return.

I am now so far on my way as one of the Assistants in the Geological Survey of the Black Hills, now fitting out on the part of the Government.

Remember me most kindly to your Father who has our thanks for all his efforts in regard to that Medal, to Wendell Phillips, Mr. Howells and others who may care to hear from me.

Faithfully Yours,

John Brown Jr.

The Medal and letter come safely to hand in accordance with the foregoing directions, and until now

I had supposed that my letter to the French Committee acknowledging their receipt had reached its destination. As it probably did not, I herewith enclose to you a copy of that letter to the Committee which you will greatly oblige all of my Father's family by forwarding to those who should receive it.

I have no doubt your son sent my letter as requested, but for some cause it probably failed of reaching them.

Thanking you all for your kind interest ^{and} efforts heretofore shown in this matter,

I remain, ever yours,

John Brown Jr

P.S. Should you become informed hereafter of the receipt of the enclosed letter by the French Committee, be so kind as to let me know.

Yours
J.B. Jr
